

# KITCHEN

Led by Ivan Brehm, Appetite brings together an R&D kitchen, record bar, and art gallery to create a new kind of community across boundaries. We describe our approach as crossroads thinking, investigating and reinterpreting moments of connection between cultures around the world.

Our current exhibition, *Constructing Matter*, brings together a selection of works by Kanchana Gupta and Irfan Hendrian, two artists whose practices investigate material as a mode of expression in and of itself. Artwork pricing information is available upon request.

Our Kitchen is a centre for culinary research as well as an intimate and experimental dining experience. We serve an omakase menu that draws on a deep study of global food traditions and our love of improvisation.
